About SEKOLO PROJECTS INC.

Over 5 million young people are living with HIV worldwide, and each year, 40% of those newly infected are aged 15–19. Since Sekolo trained all of Namibia's life skills teachers in 2005–6, the national youth infection rate has fallen for the first time: a decrease of 50%. But there is still so much to be done. With your continued support we can carry on with our mission.

Working with schools and school communities, Sekolo pursues the best HIV prevention strategy at a local level. We're helping kids keep strong, healthy and in school. To learn more about what we do, please visit our website.

Donations AND CREDIT CARDS

We will have credit card facilities on the night, but bringing cash or a check will help your donation go further. Sekolo Projects Inc. is a registered 501(c)3 non-profit corporation. A significant portion of your ticket price is tax-deductible, and all proceeds from the evening will go towards our HIV prevention work in Namibia.
